Contract advertisers will not be allowed to exceed their space unless the excess is paid for at transient rates, and under no circumstances will they be allowed to advertise other than their legitimate business in the space contracted for.

Resolutions in memoriam, of thanks, tributes of respect, resolutions adopted by societies or persons, unless of public concern, will be printed in the paper as advertisements.

Principal among the resolutions adopted at the concluding session of the annual convention of the American Federation of Catholic Societies in New Orleans yesterday was one of denunciation of the administrative officers of the new republic of Portugal and of the State Department at Washington for delaying recognition of the new government.

Horror was expressed at the "barbarous invasion" of the new republic; President Braga and his associates were censured for their alleged persecution of Catholics, especially according to the resolutions, their harsh and insulting treatment of nuns and monks, and the government was declared to be founded on injustice and ungodliness.

The National Educational Association was denounced "for attempting to set up in this country an educational trust as a menace to individual liberty and to the primary rights which every American citizen enjoys of choosing the kind of education which he may wish to give his children."

The Federation declared against the substitution of ethical teaching for religious training in schools and colleges; protested against Bible reading in public schools; deprecated the use of public funds or of public buildings for lecture courses in philosophy, literature or science; urged the establishment of more parish schools and demanded "some equitable compensation" for the secular education given in Catholic schools.

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons. Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child, for they are mild and gentle in their effect, and will cure even chronic constipation. Sold by W. F. Croighton and Richard Gibson.

FEDERATION OF LABOR.

A movement was started yesterday in the American Federation of Labor convention in St. Louis to elect a woman as one of its officers, something heretofore unheard of in any big organization of this character.

In the seating yesterday of Rev. Charles Steble, of New York city, a former St. Louis pastor, as a fraternal delegate of the "Clerical Council of the Church of Christ of America, comprising all Protestant churches of the United States, the church becomes affiliated with the labor movement.

Max Hayes, of Cleveland, looked upon as the leader of the fight against Samuel Gompers, president of the federation, can see the ultimate domination of socialism in the labor union ranks.

"You can see its upward trend here," said the socialist leader yesterday, while looking over the convention. "A few years ago we had but few members among the workers. Look at us today. We are represented here by 85 men, a big vote, and we are represented in Congress by Victor Berger."

Hayes would not say how the men will cast their votes when it comes to naming a new president.

Victor Berger, of Milwaukee, socialist congressman-elect, issued a statement in which he denied he was preparing a contest against the re-election of Samuel Gompers as president or planning to capture the organization for the socialist party.

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by W. F. Croighton and Richard Gibson.

ARREST OF JEWELRY THIEVES.

An amazing train of robberies is said to have marked the career of a man and woman arraigned in Philadelphia yesterday and held to await requisition from New York on the charges.

This couple, it is alleged, number Queen Wilhelmina of Holland and members of several noble families in Europe among their victims, and were for a while in the employ of President Fallieres, of France, at his chateau near Paris.

The man is John Dillella and the woman is Isabella de Muelmeister, and they were caught in Philadelphia after a chase which extended through this country, South America and Europe.

The couple are said to have robbed many wealthy families in this country. While Dillella is married and has a wife and four children in Belgium, the home of both of the prisoners, he led the woman arrested with him to believe he was a single man, and he had planned, it is stated, to dispose of the plunder they had collected in this country and go to France, where they were to be married in the next future.
